

# CREATIVE PHOTOGRAPHY CERTIFICATE

# PRO PHOTOGRAPHY CERTIFICATE

PART TIME

"I've always loved photography. For someone who has been telling her children that they can do anything... I thought it was time I took up the opportunity to pursue my passion."

Anne McCallum, PSC First Year Student

Image by Clytie Meredith

## We offer a creative environment that is second to none.

### Stand out from the crowd

It seems everyone thinks they're a photographer and images are everywhere! At PSC we know the essence of professional image making and how you can get your images to stand out from the crowd.

If you love travel photography, landscape, people, fashion, portraiture and want great results or dreaming of a career change then our part time course options are for you!

You learn creative practice, professional technique and to step outside your comfort zone. You discover how to see in more creative ways, use light to create mood and really start to use your camera and workflow like a professional.

### Perfect blend of the creative and technical

Our course has the perfect blend of the creative, technical and image review in every class - so you learn in a fun, dynamic and professional way.

You meet people who also love photography, get tangible feedback on your photos and your creative process.

It's exciting, enjoyable and often can be life changing... our experience shows this is how you make great photographers!

### Experience our dynamic content

Experience the latest professional techniques and second to none specialised facilities in our dynamic face to face classes.

In our Pro Certificate course there's an emphasis on face to face seminars, group tutorials and intensive workshops together with self directed shooting and tangible feedback.

Whether you're a beginner or a more experienced, you'll be inspired and learn how to take your photography to the next level.

### Students require

A DSLR camera, portable hard drive, a subscription to Adobe Creative Cloud for photographers (student discount) and a laptop.

### Course start dates

- Option 1** Monday 22 January 2018 - Evening class
- Option 2** Tuesday 13 February 2018 - Evening class
- Option 3** Friday 02 February 2018 - Day class

More start dates available in late Feb & March

# Creative Photography Certificate

**20 WEEK PROGRAM**

## Creative camera and capture

**20 sessions (3 hrs)**

Be inspired, gain feedback, explore light, colour and the essential camera technique. Investigate photographic genres, use your camera in more creative ways and work in a digital environment using professional workflow.

## Photographic composition, form and perspective

**8 sessions (3 hrs)**

Learn composition, framing, form, shape and perspective to create more dynamic photos.

## Location, lighting and people photography

**Delivered over a weekend, on location**

Photograph on location and discover what it's like to complete a series of short assignment briefs involving people and landscape. Your teacher will be there to provide guidance and feedback.

Students that complete the Creative Certificate gain prior learning credits towards the Pro Certificate course.

# Pro Photography Certificate

**20 WEEK PROGRAM**

## Folio project and advanced capture

**20 sessions (3 hrs)**

Building creativity in photographic practice and applying advanced camera practice. You produce your own folio to share with family and friends.

## Manage digital images

**8 sessions (3 hrs)**

Process and edit digital images using Adobe software including data management, image editing. Explore and be "affected" by the beauty of the photographic print.

## Creating mood with light

**Delivered over a weekend, location and studio lighting**

Discover and explore the light and shadows in the fabulous spaces of Melbourne! An intensive practical program working with light and photographic technique.

Students that complete the Pro Certificate gain prior learning credits towards the accredited Advanced Diploma of Photography.
